

MUTHU KRISHNAN S

Aspiring Python Fullstack Developer

✉ muthukrishnan0529@gmail.com ☎ 9361527301 📍 Thoothukudi, Tamilnadu, India 🔗 Portfolio 🌐 LinkedIn

SUMMARY

Motivated fresher Python Developer with a strong interest in learning new technologies and solving real-world problems. Knowledgeable in Python, Django, HTML, CSS, Bootstrap, JavaScript, React, Material UI (MUI), and MySQL. Completed a 3-month internship at Fortura Tech, where I was exposed to various development tasks and contributed to the company's official live website project. Gained practical understanding of web development concepts, basic database operations, and collaborative teamwork in a professional environment. Seeking an opportunity to grow as a developer and contribute to building high-quality web applications.

EDUCATION

St. Johns college UG	06/2022 – 05/2025 Tirunelveli, Tamilnadu
--------------------------------	---

INTERNSHIP

Fortura Tech <i>Python Fullstack Developer Intern</i> Fortura Tech is a web development company focused on building modern and scalable digital solutions using current technologies. • Worked as a Python Full Stack Developer Intern with a primary focus on frontend development. • Built and maintained UI components using React and Material UI (MUI) for the company's live website. • Improved the website UI and user experience using React Bits and Universe UI, and made the web pages more responsive and consistent. • Collaborated with the team on real-time development tasks.	11/2025 – 01/2026 Palpannai, Nagercoil

- | | | |
|---------------------|--------------|----------------|
| • Python | • Django | • HTML |
| • CSS & Bootstrap | • JavaScript | • React |
| • Material UI (MUI) | • MySQL | • Git & GitHub |

PROJECTS

- 1. Job Portal Web Application** 🔗
Developed a full-stack job portal web application where users can create profiles, upload resumes, apply for jobs, and track application history and status. Implemented HR features to post job openings, manage listings, view applicants, and access uploaded resumes. Designed responsive and user-friendly interfaces for smooth navigation across devices.
Tech Stack: React, Material UI (MUI), Django, PostgreSQL, JavaScript, HTML, CSS
Deployment: Backend deployed on Render and Frontend deployed on Vercel
- 2. TaskFlow - Web Application** 🔗
Developed a full-stack task management web application that helps users organize and track their daily tasks efficiently. Implemented features such as task creation, updating, deletion, and status tracking. Designed responsive and user-friendly interfaces to ensure a smooth experience across different devices and screen sizes. Integrated frontend and backend functionalities to enable real-time data interaction and structured task management.
Tech Stack: React, Material UI, Django, PostgreSQL
Deployment: Backend deployed on Render and Frontend deployed on Vercel

CERTIFICATION

- | | |
|-------------------------------------|----------------------------|
| • Python Language - Priya Institute | • Django - Spice Institute |
